

## ELKS MEMORIAL SERVICE TO BE IN THE EVENING

The Elks' memorial exercises, at the Nevada theater next Sunday evening, will commence at 8:30 o'clock. Heretofore the local lodge has been holding its sacred sessions in the afternoon, but the committee this year decided, for a change, to hold the memorial exercises at night. There is no doubt but what the change will add to the impressiveness of the service.

The program includes some of the best musical and literary numbers that can be had in this part of the country.

Brother Key Pittman will be the orator and Brother P. E. Keeler will pronounce the eulogy.

A male quartet, consisting of Mr. Johns, Mr. Yoder, Mr. Walker and Mr. Richards, with Miss Bowden at the piano, will render "Lead Kindly Light." The justly celebrated violin soloist, J. Goldsmith, will render two numbers, accompanied by Miss Hoskins as pianist. Mrs. Arthur Lawry will sing "And God Will Wipe Away Our Tears," assisted by Miss Mae Kind. Master Garrett Price, the famous boy tenor will render "Palm Branches."

The "Thanatopsis" of Bryant will be put on during the evening. The exercises will consume about an hour and one-half's time, concluding with the benediction to be pronounced by Rev. Father Flynn.

The members of Tonopah lodge and all visiting Elks will meet at the lodge rooms at 8 o'clock Sunday evening and march in a body to the Nevada theater, where seats will be reserved for them. Of course the exercises are open and free to the public.

### CORRECTION.

Rumor has it that the Tonopah high school is giving a public dance for the benefit of the Goldfield high school in opposition to the dance given by the K. of P. on Thursday evening. This is a mistake, as we are giving a reception only to the football boys of the two schools. No admission is charged, and only those admitted who have invitations. Refreshments will be served and on account of lack of funds we will be able to serve only a limited number of friends. We are in no way endeavoring to raise money by this or run in opposition to the public ball given by the K. of P. on that night. We hope that all will enjoy a happy Thanksgiving.

A. H. YODER,  
City Superintendent of Schools.

### TEACHERS' EXAMINATIONS TO BE HELD NEXT MONTH

Teachers' examinations for the state will be held at Elko, Ely, Winnemucca, Reno, Tonopah, Las Vegas and Fallon, commencing on December 27th and continuing three days. Through error, the Nevada State School Journal has given notice that the examinations will be held late in November. This has been officially corrected and the dates for the examinations are as given above. On account of their being no money in the fund for conducting these examinations, the regular examiners will be dispensed with and the examinations will be conducted by the deputy superintendents. It is expected that there will be about twelve applicants to take the examinations in Nye county.

### WOMAN DRANK DOCTORED BOTTLE AND IS DEAD

NEW YORK, Nov. 29.—Who put a bottle labeled "vermouth," but really holding a disinfectant containing lysol and carbolic acid on the table before Alice Tristram, the Irish singer, was the puzzle the coroner tried to solve yesterday at an inquest into Miss Tristram's death. The woman drank out of the bottle last Saturday night and died soon thereafter.

Five business men who were drinking with the singer, the waiter and a physician called when the woman dropped to the floor, have been subpoenaed as witnesses. The idea of either suicide or murder, first entertained, has given place to the belief that the woman died either as the result of her own mistake or a clumsy attempt at a practical joke.

### KANSAS TOWN BURNED.

JAMESTOWN, Kas., Nov. 29.—Fire yesterday destroyed most of the business section of this city. Loss \$300,000.

Bonanza "want ads" will sell your property.

## DAMAGE RESULTS FROM FOREST FIRES ON PACIFIC COAST

### OUTSKIRTS OF CITY OF VENTURA SWEEP BY FLAMES. BUILDINGS BURNED.

VENTURA, Cal., Nov. 29.—The forest fires that started in the mountains far down the coast, swept up to the outskirts of this city last night and today and burned barns and other small buildings in the yards of frightened residents. The flames came within ten feet of the skeleton of the new county court house, but were beaten back by the fire fighters, who labored all night, against the odds of an unfavorable wind. Before noon, however, all danger to city property apparently had passed.

When the flames reached Foster park during the night the whole town turned out as volunteer fire fighters. Armed with shovels, picks, spades and plows, the people fought doggedly until long past dawn but were gradually forced back until well inside the city limits.

Many ranches were swept by the fires, and much damage was done. Several ranch houses are reported to have been burned.

## "IN THE MARKETS OF THE WORLD"

The above is the title to a patriotic song, words and music composed by J. M. Jones of Blair. In dedicating the composition the author says: "Patriotism is one of the noblest attributes of humanity, it was the cohesive that laid the foundation for the temple of liberty; from the battle of Lexington until the destruction of Cervera's fleet; it has added a series of historic pictures to the national gallery, unsurpassed in the history of the world." The song has a beautiful melody and the patriotic words brings inspiration to the soul as they fall from the singer's lips. Mr. Jones is in Tonopah today and has arranged with Manager Goodfriend of the Butler theater to have his patriotic production sung at Saturday night's performance. The song will be an illustrated one with several beautiful slides. There is no doubt but crowded houses will greet and applaud "In the Markets of the World."

### CREATES A SENSATION BY WEARING NO HAT IN STORM

KANSAS CITY, Nov. 29.—Appearing on the snow covered street with his head protected from the elements only by a shock of iron-gray hair, made Dr. Casper Rene Gregory, a theologian of the University of Leipzig, the center of attraction in a busy downtown section here yesterday. Dr. Gregory was here to lecture on the New Testament before the Fine Arts institute.

"I have not worn a hat for years," he said. "The plan is of the highest advantage to my health. I always keep my head cool. That is most important. I am very absent-minded and need not worry about losing my hat."

### DEATH OF AMBASSADOR.

BALTIMORE, Md., Nov. 29.—Irving Bedell Dudley, United States ambassador to Brazil, died at John Hopkins hospital of heart failure, following his convalescence from another complaint. He was born in Jefferson, Ohio, November 30, 1861.

### FATHER AND SONS BURNED TO DEATH

NEW WESTMINSTER, B. C., Nov. 29.—Fire last night on the farm of Lieutenant Governor T. W. Patterson, near Liverpool, caused the death of Thomas Moore, in charge of the farm, and three of his sons. Five of the Moore children, boys, escaped. The mother and a sister were absent. The fire is attributed to the explosion of a lamp.

### PASSENGER TRAIN GOES INTO DITCH AT YAKIMA

NORTH YAKIMA, Nov. 29.—The east-bound Northern Pacific passenger train was ditched by a broken rail at Wapato this morning. Eleven persons were injured, none fatally.

Old newspapers for sale at this office—25c per hundred.

## PRESIDENT IS NOW PREPARING HIS MESSAGE

WASHINGTON, Nov. 29.—That President Taft's annual message which goes to congress next week is regarded by his cabinet as most important, was indicated today by the long consideration given to it and the number of revisions understood this afternoon to have been made or proposed. The cabinet met at 11 o'clock and with only one interruption of a few minutes sat through the usual luncheon hour and was still in session late this afternoon.

Rumors of disagreement over parts of the message were not confirmed at the white house.

## CARROL CAMP STILL SENDS IN GOOD REPORTS

The latest news from Carroll is all to the good, says the Revelle.

The ore in the bottom of the shaft on the property of the Gold Basin Gold Mining company, a depth of 80 feet, is richer than has before been encountered. The rock pans sensational strings of gold, something that could not be said of the first 50 feet, although at no time has work been going on in anything but shipping and high-grade milling ore.

The power hoist is working smoothly and three shifts making good progress.

First among the leasers to make an important strike is R. T. Dixon, an Austinite. He has a lease on the Free Gold claim on one of the Watt groups. He has a quartz ledge and the ore shows the gold in the free, besides being permeated with silver and galena. His lot of ground is 600 to 800 feet north of the main strike.

This week, a quartz ledge, carrying good pay, was found in the gulch to the south of the main strike, showing the trend of the ore bodies in the southerly direction, toward the property bonded last week by Ely parties from R. O. Jones, Joe and Antone Borrego and James McGlynn.

The excitement in the camp is increasing each day and in the course of a very short time will find its way throughout the state, and then there will be an influx of stampeders that will look like old times.

C. E. Kenney, who has a bond on a block of nine claims from the Watt people, expects his associates from Los Angeles to visit the camp soon and feels certain of closing the deal. His block adjoins the Gold Basin Gold Mining company on the north and west.

There has been no effort to create a boom, as has been intimated in some quarters, but when a mine, in the center of a great mineralized area, ships ore from the grass roots to the depth of 80 feet, there

is nothing to expect but that mining men from all directions will make an attempt to get in on the ground floor. It will be the people from a distance that get there first.

The road from Austin to the new camp has been greatly improved. The stretch from the Peterson summit to the valley beyond, under the direction of P. Peterson, has been put into excellent condition. The side of the summit is good and will be good until the spring waters come, after which it will require more attention. The Reese river crossing below Walsh's first ranch has been in very bad condition, but this will be remedied at once with a new bridge, which Commissioner Litster has already ordered.

Campbell creek canyon will require attention frequently during the winter, especially in case the traffic becomes heavy.

## PERSONALS

Comings and Goings of Our Local People and Others

Charles Kirchen was a passenger for San Francisco this morning.

O. U. Metcalf, traffic and freight manager of the Southern Pacific railroad, returned to Reno this morning.

J. S. Rawlins, representing the Pacific Hardware and Steel company, is interviewing his customers in Tonopah.

Mr. and Mrs. Percy Gardner and children have arrived from Carson and are the guests of Mr. and Mrs. P. F. Beardsley, mother and father of Mrs. Gardner.

Attorney George B. Thatcher, who has been in San Francisco for the past ten days on legal business, returned to Tonopah yesterday morning.

### KNIGHTS OF PYTHIAS DANCE.

Tomorrow evening, Thanksgiving, Mizpah lodge, No. 25, K. of P., will give a grand ball at Miners' Exchange hall. The committee on arrangements has labored hard to make this dance a success in every detail and assure their patrons an enjoyable evening. The best of music has been obtained and from the number of tickets sold a record breaker attendance is assured.

### COAL MINES OF KANSAS TO CLOSE BECAUSE OF LAW

PITTSBURG, Kan., Nov. 29.—According to a number of leading coal mine operators in this district, 30 per cent of the mines of Kansas will be shut down January 1 because of the state workmen's compensation law, which goes into effect on that date. The operators declare they cannot afford to take the risk of liability to injured employees.

### WILL SETTLE TROUBLE.

OAXACA, Mexico, Nov. 29.—That differences between the administration of the state of Oaxaca and the central government are in process of adjustment is declared by Carlos Trejo, special envoy of President Madero, who conferred yesterday with Governor Juarez of Oaxaca. The legislature threatened to sever relations with the central government as a result of differences over political appointments.

## GOVERNOR OF NEVADA ON HIS WAY EASTWARD

RENO, Nev., Nov. 29.—Governor Tasker L. Oddie left Monday night for the east in hopes of joining the Governors' special at Detroit, Michigan. He is hurrying to the east on the limited and expects to join the other governors on November 30th and will then continue on with them on the tour of the eastern cities. The governors hope to visit twenty-one cities in twenty-one days and in each city and different states will be advertised. The party is in charge of Governor James H. Brady of Idaho.

Governor Oddie only returned from the southern part of the state on Sunday last, having spent several days there with eastern men investigating the oil and coal conditions.

### PARENTS' DAY AT SCHOOL.

Today was the second special parents' day in the public schools. Grades one and two gave a program together; grades three and five, grades four and six, grades seven and eight also gave special Thanksgiving day programs, as well as the high school. In each room the actual work of the pupils was exhibited. During the month there were in attendance quite a number of patrons of the school. Today was the banner day of the year. Parents are invited to attend the schools at any time.

### HIGH GRADE GOLD STRIKE DOWN SMOKY

The Smoky valley side of the Toiyabes can be depended on to report a good gold find about once every year. The latest is the discovery of \$75 gold ore in a canyon half way between Bauman's and Gendron's. The locations were made some time ago by Gus Laurent and Ernest Chatelle, who have four claims, ending along the ledge.

Assays of rock at the surface went \$75 in gold. At a depth of not over eight feet the assay returns are \$144 per ton.—Reveille.
